4	4. Package Included	11

1. INTRODUCTION

When doing a variety of experiments, it is inevitably to use those DuPont jumper wires with different connector.

This kit includes three kinds of 20cm 40pin DuPont jumper wires, male-to-male, female-to-female and male-to-female respectively.

They are produced in many colors, so you can easily pick up the right one when lots are plugged.

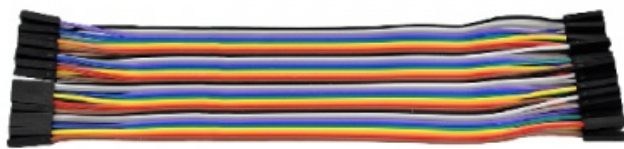

These flexible jumper wires are basic component that connects two or more devices. They provide an easy way to build your own circuitry on a breadboard. Suited for Arduino and standard breadboard electrical design and debugging. So you can make use of them to make plenty of interactive projects and experiments.

2. FEATURES

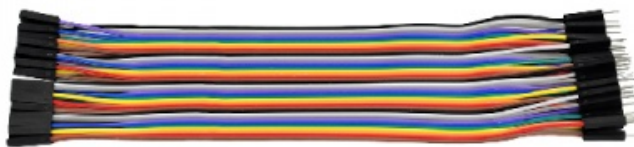

- 100% Brand New
- 1PCS x Dupont Wire Male to Male (40pin)
- 1PCS x Dupont Wire Male to Female (40pin)
- 1PCS x Dupont Wire Female to Female (40pin)
- Includes variety of colors
- Perfect design for breadboards and Arduino.

3. MORE DETAILS

Three Choices

F-to-F 20CM

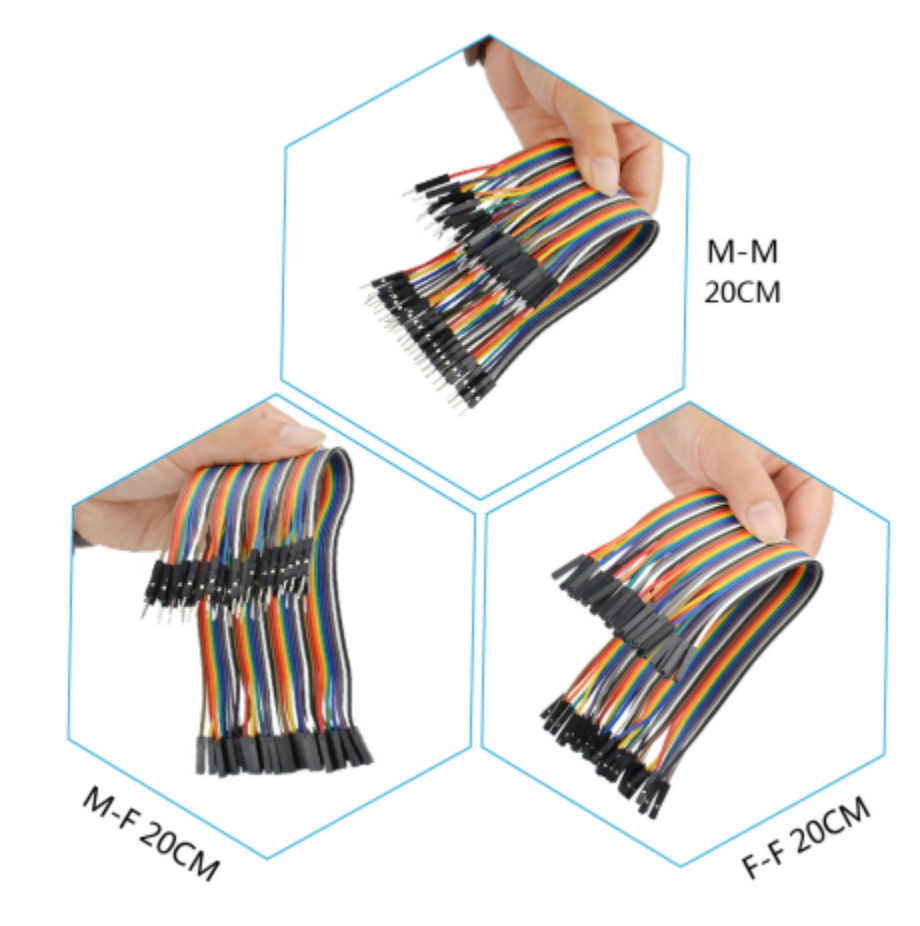

M-to-F 20CM

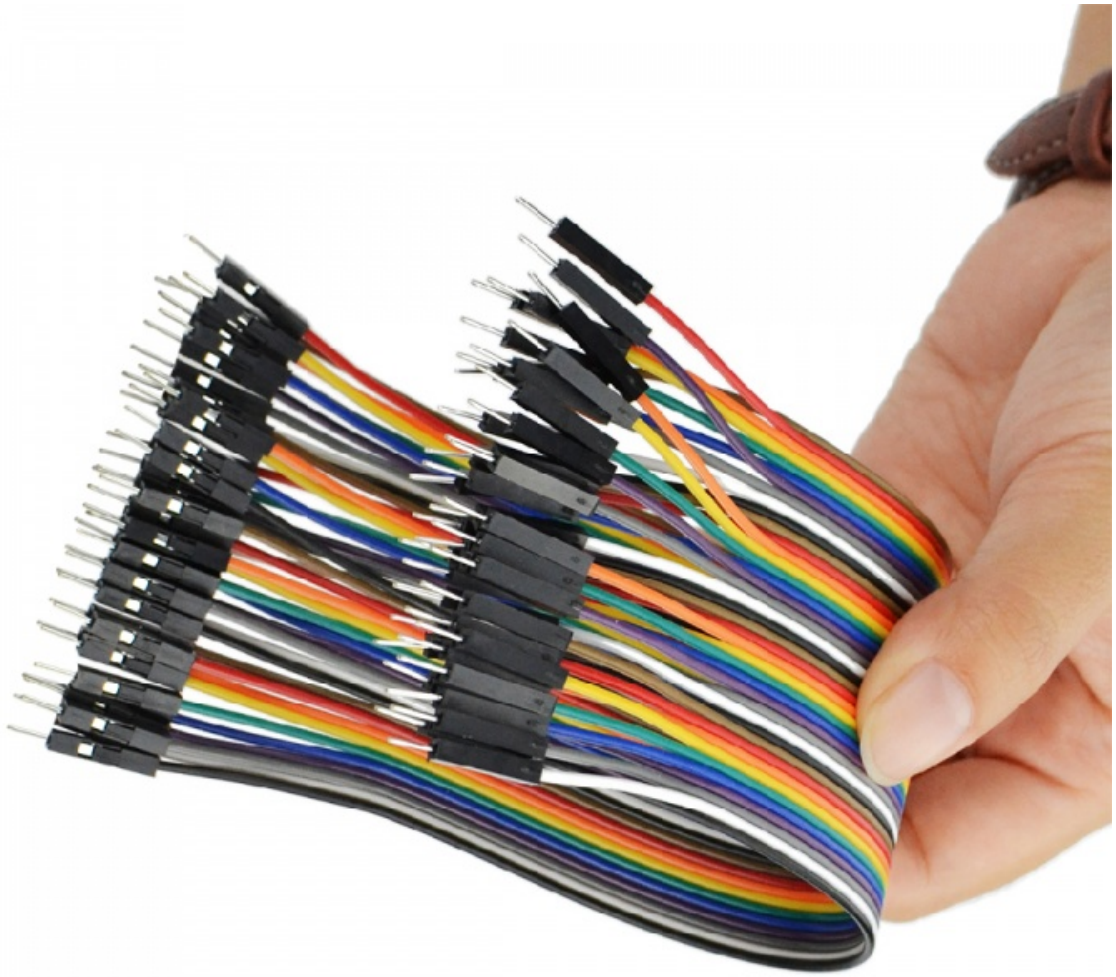

M-to-M 20CM

Dupont jumper wire can be used to connect more components for project experiments. It can be reliably connected to the pin header without soldering, quickly for circuit test.

4. PACKAGE INCLUDED

- 1PCS x Dupont Wire Male to Male (40pin)
- 1PCS x Dupont Wire Male to Female (40pin)
- 1PCS x Dupont Wire Female to Female (40pin)

N.W.:96g Size.:139*60*44mm
